February 23, 2022

Dear Community Partner,

The public libraries in Sullivan County are holding the 2nd Sullivan County Youth Book Festival (SCYBF) on Saturday, May 21st, 2022.

The underlying philosophy behind the festival is that every child should love to read. Our goal is to create, sustain, and nurture a culture of literacy in partnership with our community and schools.

We are looking for sponsors that share this vision of a better community to help make our vision a reality. Your sponsorship will help defray festival costs such as presenters, children's entertainers, refreshments, equipment rental and marketing.

Please review the sponsor brochure and choose the sponsorship level that is right for your organization!

Thank you for helping us bring this worthwhile event to our local community.

Sincerely,

The Sullivan County Youth Book Festival

Steering Committee
